## RI REPORT

>>>JAT67HS9UY7G6E41WALG995X67CGE833IEU7<<<

Reporting Agent: DA/OCTAGON

Location: Athens, Greece

Dates: Sept-Oct 2013

### Narrative:

During ongoing monitoring of crisis in Greece (see Project: HELIOS), field agents have picked up increased chatter regarding vigilante police squads operating in major Greek cities. One particular group stands out in chatter: the so-called Minotaur Squad (*Omada Minotavros*) in Athens.

Minotaur Squad has reputation for brutality and violence in targeting criminal organizations and left-wing political groups. While probably hyperbole, chatter includes descriptions of eviscerations and animalistic viciousness in conduct. Connections to far-right Golden Dawn political party cannot also be discounted.

Further rumors suggest Minotaur Squad engaging in blood rites and cannibalism, but such rumors have little firmness thus far.

### Suggested Action:

1. Directed surveillance to determine veracity of chatter and Golden Dawn connections.
